

What is MVV?

- ◆ Sandata Mobile Visit Verification (MVV) is an application installed on a smart phone or tablet device, allowing a caregiver to start and end a client visit without requiring the use of the client's home telephone.

MVV Login Screen

1. Enter the **Registration ID**.
(begins with the number 3, followed by a dash, then your Sandata assigned unique agency ID. Ex: 3-1234)
2. Enter the **Username**. *(unique - assigned to the caregiver by the Provider agency. The caregiver would be added in the Agency Management system and designated as an MVV user)*
3. Enter the **Password**. *(unique - assigned by the Provider agency. The password would be added in the Staff Security screen in the Agency Management system)*
4. Tap on **LOG IN**.

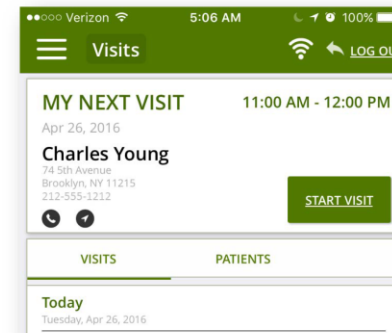

OUR C&HH REGISTRATION ID IS: 3-4357

Young, Charles	11:00 AM 12:00 PM
Tomorrow Wednesday, Apr 27, 2016	
Young, Charles	11:00 AM 12:00 PM

MVV – Starting a Scheduled Visit

- ◆ Upon arriving at the client's home, the caregiver logs into MVV and taps the **Start Visit** button for their visit.

- ◆ At the end of the visit, the caregiver selects the tasks performed for the client.
- ◆ The caregiver will also indicate if the task was Completed or Refused by the patient.
- ◆ Tap the **Select Task** button to add additional tasks performed.

- ◆ Tap on the **Worker Note** section then tap on the **Pencil** [] icon to provide any free text comment notes related to the visit.
- ◆ Notes are specific to each visit and not saved from visit to visit.
- ◆ Notes can be printed via a report within the system.
